

Roof Plan

Note: All Pods are 2360mm high overall, plus 75mm for roof vent.
Furniture for illustration purposes only.

Ideal for

- Private phone or conference calls.

Design

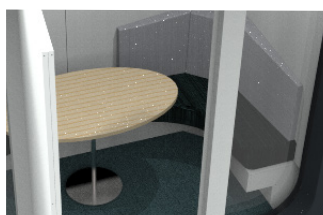

- Modular design for maximum flexibility.
- Arrives flat packed to enable installation in tight spaces.
- Designed for external use, the stunning design also looks great when used internally.
- Assembled in as little as a day with minimal disturbance.
- Can be deployed at short notice.
- Easily relocated.
- Life expectancy of 35+ years.

Features

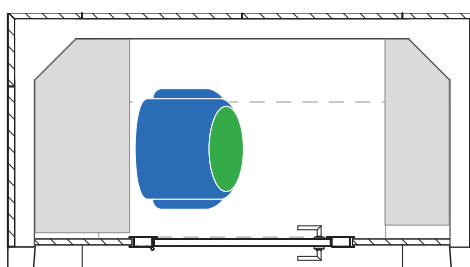

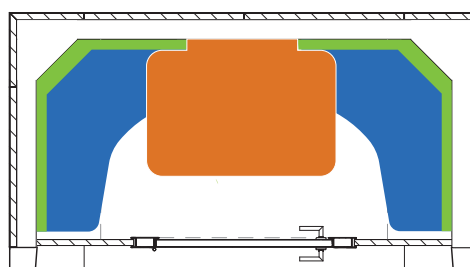

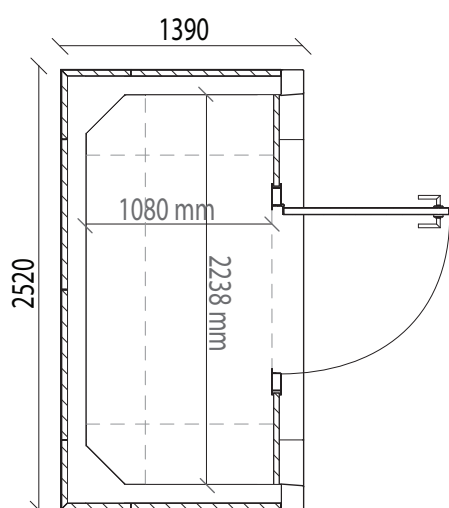

- Fully lined with pre-finished panels.
- Choice of carpet colour.
- Choice of fitted furniture for smaller PODs.
- Fitted with electrical distribution board, power sockets, lighting (LED) and ventilation as standard.
- Heating is an option.
- Good levels of sound insulation ($D_w = 40\text{db}$ & $D_w + NR = 75$).
- Double glazed with toughened glass. Upgrade options are available.

Standards

- Fire: EN1350-1
- Sound: DIN EN ISO 16283-1
- Climate: VW P 1200
- DIN EN ISO 9001 accredited manufacturer
- Warranty - 10 years

Roof Plan

Note: All Pods are 2360mm high overall, plus 75mm for roof vent.
Furniture for illustration purposes only.
